CPD Course Endorsement Partnership between IRVAP & GA

IRVAP (The Institute of Registered Veterinary & Animal Physiotherapists) and Gatehouse Awards (GA) are delighted to announce a new opportunity exclusively designed to streamline and enhance CPD course endorsement for IRVAP-affiliated providers. Through this partnership, CPD providers can now access GA's prestigious **Quality Endorsement Scheme (QES)** with a straightforward approval process, exclusive pricing, and ongoing quality assurance.

Why Choose GA's QES through IRVAP?

This collaboration ensures that IRVAP-affiliated CPD providers can benefit from GA's established reputation for quality assurance, adding credibility and value to their training courses.

By joining this scheme, providers will:

- ✓ Gain formal **endorsement** for their CPD courses with **IRVAP and GA branding** on certificates.
- ✓ Follow a **streamlined provider approval process** with minimal administrative burden.
- ✓ Receive **ongoing quality assurance support** to maintain high standards.
- ✓ Access **GA's online administration system (The Ark)** for course and learner management.
- ✓ Market their courses with the **GA QES endorsement logo**, signifying high-quality training.
- ✓ Benefit from **exclusive advertising within the CPD areas of the IRVAP website**.

How It Works: The Simplified Approval Process

We have developed a cost-effective and efficient way for IRVAP-affiliated providers to have their CPD courses endorsed through GA's QES.

The process includes:

1. **Non-Nonsense Provider Approval** – a straightforward centre approval process, requiring essential business information, legal status, and key policies (e.g., Appeals, Complaints, GDPR, and Health & Safety where applicable).
2. **Course Endorsement** – submit courses for review, ensuring they meet professional standards and relevance in the field.
3. **Annual Quality Assurance Review** – ongoing annual monitoring to maintain course currency and quality.
4. **Certificate Issuance** – your learners receive certificates featuring both **GA and IRVAP branding**, adding value to their professional development.
